In Praise of Good Old-Fashioned Ice Cream

By Betsy Horan, July 7, 2017

In an era when artisanal ice cream flavors include goat cheese beet swirl and foie gras, it's easy to yearn for the good old days — when 31 flavors were more than enough. A new group show at Robert Mann Gallery, aptly titled “I Scream, You Scream,” features vintage iterations of simpler summer treats by the likes of André Kertész and Garry Winogrand, alongside bright, contemporary images by PUTPUT and Simone Rosenbauer. The collection is sure to spark a craving, no matter your age.
